MEMORANDUM TO EXECUTIVE FOR INSPECTION AND SECURITY

Through: Assistant Director for Operations

From: Chief, FBI

Subject: Security Clearance for FBI Survey Team for Cyprus

Reference is made to memorandum dated July 2, 1947:

It is planned that the following named employees of FBI who have not been cleared for security will be sent in the near future to the Island of Cyprus for the purpose of conducting a survey to determine the suitability of the Island for a monitoring station, and to select the exact site at which this station will be located.

It is highly desirable, from the standpoint of the United States Government, [REDACTED] that these individuals be cleared for security prior to making this survey. For this reason it is requested that the security investigation in these cases be completed with the least practicable delay.
